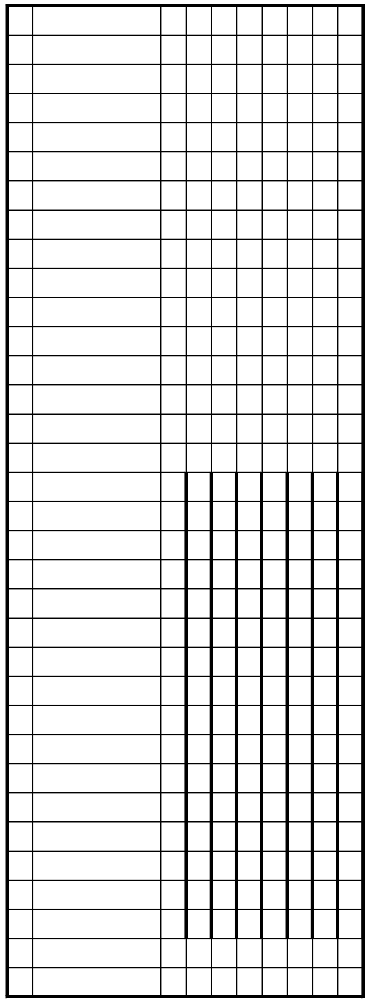
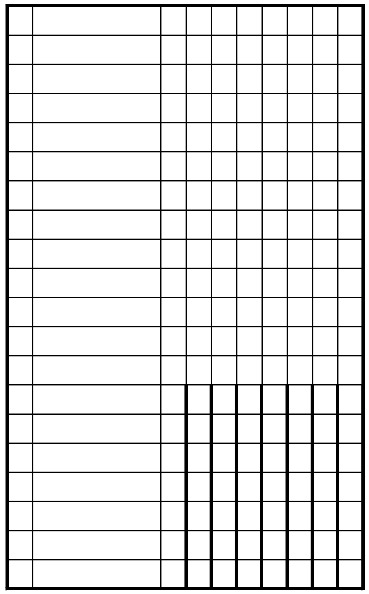
Notes from the Clerk of Course.

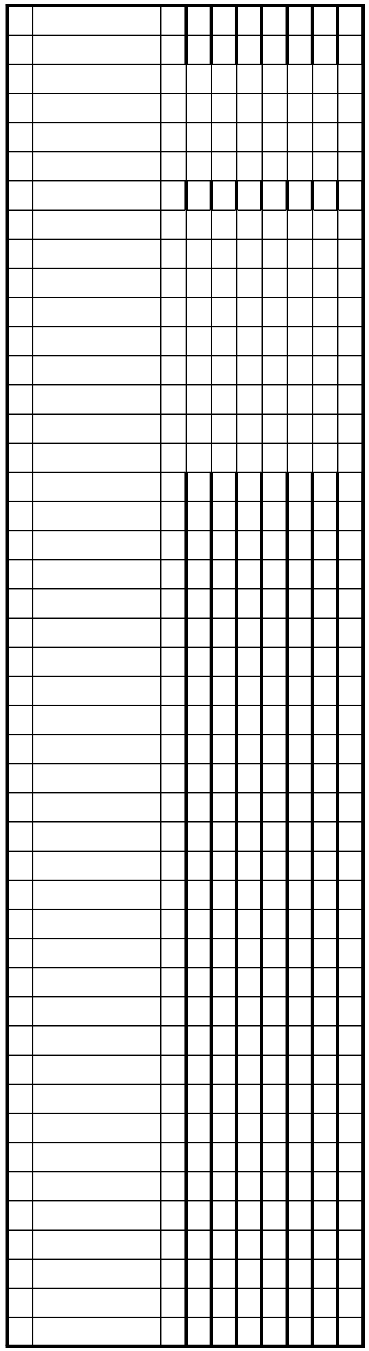
Many thanks to our Landowner for the use of this fine piece of Trials land, and to the club officials and the team of observers for their essential help with this event. I do hope you all enjoyed your day and we will see you next year.

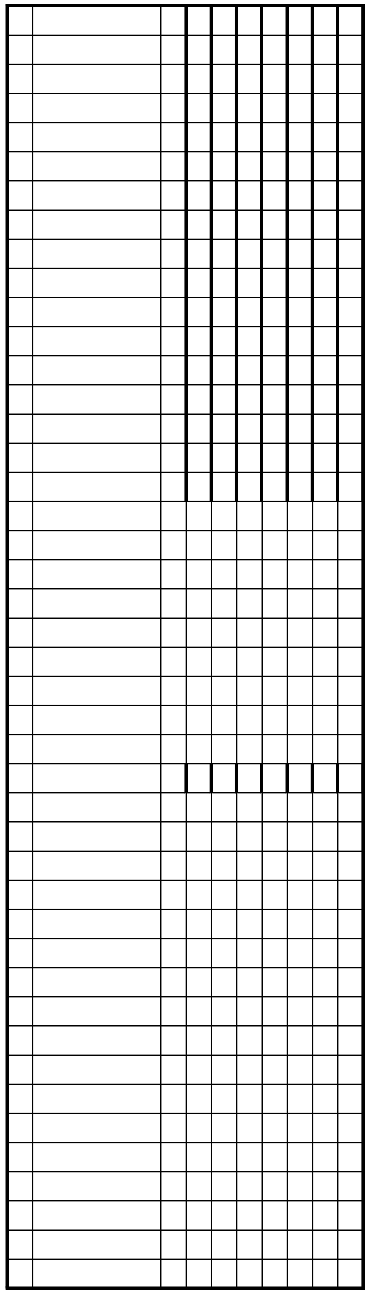
I must apologise to one and all for any confusion due to the unavoidable extension of the time limit. It transpired that this was almost entirely my fault for ;-a/ starting one group of clubman riders within easy catching distance of the deliberating experts, b/ the club members plotting sections that were enjoyable, but a bit on the long side. These are 2 areas that we will improve on for next year.

I extended the section closing time by half an hour and notified all the observers and riders asap. hence those that arrived at the last section late were noted by the observer and consequently given a 5. Perhaps the "Experts" could in future improve the situation by deliberating more quickly! If anyone wishes to protest then please consult your ACU handbook for the correct procedure, and forward the protest to the Secretary of the meeting.

I had a quick add up of the voluntary hours that goes into running this event and stopped at 400hrs !








Tom Welch
